

- MISSION UPDATES -

Daniel Roberts : Mission Opportunity

Daniel Roberts is preparing for a summer mission opportunity in the UK! After several years at Community Covenant, Daniel left last fall to attend Moody Bible Institute in Chicago. Now he has the opportunity to participate in a program where he will be learning about cross-cultural missions while reaching out to the people of Manchester, England! If you would like to keep up with Daniel's work, you can contact him here:

ddralaska@hotmail.com, and if you would like to support him financially you can do so at the following link:

Elim Parsonage Construction: We have an opportunity to help build the parsonage in Elim! After several years of planning and fundraising, the Elim Covenant Church is ready to build a house for their pastor! The 1100 square-foot kit home will travel by barge and arrive in Elim in mid-June.

A contractor and project manager will plan a 6-8 week schedule to complete the home by fall. Let us know if you are interested in participating and we will keep you

up to date as the plans unfold. If you would like to contribute toward the trip expenses you can do so at the following link:

Eagle River Grocery Bag - We have been holding a weekly food distribution here at Community Covenant Church for families and individuals from the local community, made possible by partnerships with the Food Bank of Alaska and Children's Lunchbox.

Anyone is welcome to come and receive several bags of groceries including pantry food, produce, and sometimes dairy and meat. We will continue to gauge the need for this program in the coming months. We welcome volunteers who would like to help with

transporting the donations, packing and distributing the food, and occasionally delivering bags to people without transportation.

Pray with us: Pastor Heather Smith leads a weekly Zoom prayer session to pray for our mission partners and other global concerns. Join us from 7-8 pm Tuesday nights at the following link: www.communitycovenant.net/onlineprayer.html
